

Employee Giving Campaign

Benefiting patient care and supporting employees in northern Colorado.

Give local

Your gifts support your area of passion.

Employee hardship relief

Across the separate foundations of UCHealth, only one fund is shared. The Employee Hardship Relief Program is a system-wide, donor-supported fund providing grants to employees experiencing unexpected financial hardship.

Why give?

You have the power to change the face of health care in our community. You know best what's working and what could work better. Your donation helps ensure the best patient care is possible for our community and also provides staff support, patient medication and financial assistance, employee scholarships and so much more! Giving is more than an extension of your impact beyond your daily work. It's a gesture of your dedication to the greater good—to helping move from health care to health.

Employee Giving Campaign

Things to know about giving to the foundation:

- Return this form by attachment to an email to noco-foundation@uchealth.org or mail to 2315 E. Harmony Road, Suite 200, Fort Collins, CO 80528.
- All gifts made by employees in northern Colorado are matched by 50 cents per dollar by the UCHealth northern region.
- All donations are made after-tax, including PTO. Each year’s cumulative total appears on your year-end pay statement. All donations appear on your pay statement the pay period they process.
- Give a new gift, update/increase/cancel your gift, or make changes to your fund choice anytime by visiting The Source and searching on “employee giving.”
